

How to find your Serial Number?

Serial number: Often abbreviated to S/N, this number is a unique hardware identification number chosen by a company and given to each device or appliance produced. The number is used to match a product to its customer, so that the company has a record of possession. This number is only used by the original producer of the product.

Galaxy Watch

- **Packaging box:** You can find the serial number for your Galaxy Watch on a sticker on the box above a barcode.
